Fellowships, Awards and Prizes

Royal Society Early Career Research Award

This award consists of a cash prize and publication in the Society's Journal and cash prizes for the runner-up and honorable mentions. Applicants should submit a previously unpublished essay of no more than 12,000 words based on original research. It can relate to any aspect of the history of science, technology and medicine in any historical period. The deadline for submission is February 28, 2023.

Further information at <https://royalsocietypublishing.org/rsnr/essay-award>.

Annals of Science Prize for 2023

This prize is awarded by the Annals of Science to the author of an original, unpublished essay in the history of science, technology, and medicine not currently under consideration for publication elsewhere. The prize is intended for those who are currently doctoral students, or have earned their doctorate within the past four years. The deadline is January 31, 2023.

Please send submissions to Mordecai Feingold at feingold@caltech.edu

Applications for ICHO Travel Fellowships for Oceans HSTM

The International Commission of the History of Oceanography (ICHO) invites applications for fellowship support from scholars studying the history of the Marine Sciences, broadly conceived. Funds can be used to support travel for archival research or conference participation, and other travel in support of ocean-centric scholarship will be considered. Please send a cover letter describing the proposed research or presentation, a budget justifying the amount requested up to US\$500, a 2-page c.v., and the names of two colleagues who can be contacted as references. Please save and send all of that information as one PDF file.

Please send the application file to Franziska Torma at franciska.orma@rcc.lmu.de

IUHPST Essay Prize in History and Philosophy of Science

The International Union of History and Philosophy of Science and Technology (IUHPST) invites submissions for the 2023 Essay Contest. The Commission invites essays of 5,000 to 10,000 words written in English addressing the question: “How can history and philosophy of science, technology, and medicine help us to understand and evaluate the role of values in science?” All entries should consist of work not previously published.

Entries should be submitted in PDF format by email to the Chair of the Joint Commission, Dr. Agnes Bolinska at bolinska@mailbox.sc.edu by January 15, 2023.

“First Research Article” Fellowship Program

Max Planck Institute for the History of Science, Berlin

September 1, 2023 – February 29, 2024

The Max Planck Institute is offering two fellowships for outstanding graduate students. Applicants should demonstrate their commitment to a research topic related to the History of Science, Technology, and Medicine, or Science and Technology Studies and a need to work with an international community to prepare and publish their first single-authored research paper in the English language. Eligible students should be in good standing through February 29, 2024, and should have completed the archival research for their work and can devote six months to writing and preparing an article in English for journal publication.

Applicants should send the following in English through the online portal:

<https://recruitment.mpiwg-berlin.mpg.ed/position/23330824>

1. Official proof of enrollment and good standing in an accredited graduate program from your PhD thesis or confirmation by your University.
2. Brief description of the dissertation.
3. CV and list of publications.
4. Title, abstract and outline of intended essay (maximum of 750 words).
5. English writing sample.
6. Letter of recommendation from one supervisor.

Please submit the above no later than February 15, 2023.

Upcoming Conferences

Pacific Coast Conference on British Studies Annual Meeting

University of California, Riverside

March 24-26, 2022

Organizers welcome papers and panels in the field of British Studies broadly defined to include the history of science, technology and medicine, among other areas, and broadly defined in terms of temporality and chronology.

Proposals for papers or panels should include a 200-word abstract for each paper and a 1-page c.v. for each participant. Panel proposals should also include a brief description of the panel and a brief c.v. for the proposed chair/commentator.

Please send the above to Prof. Erika Rappaport at rappaport@ucsb.edu no later than December 16, 2022.

Contact Prof. Peter Hoffenberg if you are interested in participating. Email: peterh@hawaii.edu
